BI-COUNTY FAIR A BIG SUCCESS

Several Thousand Visitors Attend. Parades Big Feature Of Entertainment.

The visitors to the bi-county fair held in Irvington, Friday and Satur-day of last week, numbered into the thousands, and they were people who came from every section of Meade and Breckenridge counties. It was indeed a great coming together of the citizens of these adjoining counties, and the managers of the fair felt fully recompensed for their time and efforts in making this the biggest and best fair ever held in Irvington.

The fair grounds were on Mr. Ater's place near the city limits. All of the exhibits of the farm products,

of the exhibits of the tarm products, poultry, and the woman's pavilon were under cover of a large tent. The baby show was held there, and the 81st Military band made it their headquarters, consequently this was one of the most popular places on the grounds.

The cattle shows and riding contests were held in the open air arena and they greatly interested the stock

breeders and farmers.
On Friday, the school children and ex-soldiers formed a parade and marched through the streets of Irvington. There was also a demonstration of the 75 M. M. guns and target shooting on this day too, and blue ribbons awarded to the cattle, hogs

and poultry shows. In fact, there was nothing left out that was advertised for that day.

Saturday was a big day too. It was estimated that there were four or five thousand people on the grounds the second day and about four hundred automobiles.

Practically all of those who particular

Practically all of those who participated in Friday's parade were in Saturday's parade too. Decorated floats and cars formed in line with the others and made a fine showing for the representatives of the two

C. H. S. TEAMS WIN IN BOTH GAMES

Home Basketball Teams Make Big Score Over Hardinsburg. Schedule Increasing.

Two interesting basketball games were played in Hardinsburg, Saturfternoon between the Cloverport and Hardinsburg High School teams. The girls' teams were evenly matched, the C. H. S. team winning by the close score 4 to 0. The C. H. S. boys won their game 28 to 2.

These, teams will play again in Cloverport, Saturday, October 11. The C. H. S. Boys will play Rome, Ind., here Saturday this week. The schedule of the C. H. S. teams is being rapidly filled. The Cannelton boys' and girls' teams will be here for games October 18, and return games will be played later at Rome and

SUNDAY-SCHOOL HAS A GOOD CONVENTION.

Will Hold Its Next Session In Clov-erport. J. Burn Elected President.

The County Sunday-school Convention held in Hardinsburg, Thursday was not largely attended owing to the Presbytery which was in session in Irvington, and its being a school days kept a number of persons away. However, the meeting proved a good one and those who did attend were feasted on fried chicken

and home made cake galore.

Mr. John Burn, of Cloverport, was elected president of the convention to succeed D. D. Dowell. Vivian Pierce was elected secretary and Miss Addie McGavock assistant secretary. The next meeting place for the convention will be in Cloverport.

McQuady vs Lewisport.

The McQuady ball team under the management of J. R. Jolly, went to Lewisport, to cross bats with the Lewisport team which had not lost a game on their home diamond this season until this time, and when they began to buck up against the McQuady farm boys they soon found that they had something to do and that they were not in class to win the that they were not in class to win the game. Scott Brown, of Irvington, their first man to put in the bat was completely knocked out on the third inning. Then came Gabbert, who proved to be a very small stumbling block for the McQuady boys. B. Owens did fancy pitching for the farm boys from thebeginning to end and his twisters and speed proved to

be too much for Lewisport. The line up on each side were as follows:

A WOMAN IN THE CASE.

Union Star, Ky., Sept. 29, (Special) -All things come to those who wait." The impatient citizens of this village should be indeed satisfied and should feel abundantly recompensed for the long years of waiting for a really truly Road-man to come and reward Road-man to come and reward them by building up their etrects (roads) even to the spending of days and even weeks in beautifying them. The "public square" is now on a solid foundation and several feet in each direction is also in same solid foundation. But even at that there is always a "woman in the case," or maybe two.

Forcing Planta by Light.

To force the growth of plants by the use of artificial light is not a new idea, but the system hitherto has been 100 expensive in proportion to obtainable results.

Recently a man engaged in horticulture discovered an efficacious method of applying light for this purpose. Arranging in winter quarters his plants as he wished them to grow, he supplies a lamp with mercury vapor for fuel and the seeds germinate in less than half the ordinary time, while the vigor and intensity of the color of the flowers is superior to that of the product grown naturally.

Another curious phenomenon noticed in connection with this action of light is an infinite multiplication of the downy substance commuonly found on stems. Those grown in shadow have the stems relatively bare. Very good practical results have been obtained by this system.

BELL COUNTY GOING OVER.

Bell county, Kentucky, has just is sued a challenge to Pike, the largest county in the State, to a contest for place on the list in the report of illitfigures which will be issued by the Federal Census Bureau in 1920. Only eleven counties stood lower than Bell in 1920. At that time, she had 4,148 adult illiterates and her percentage of adult illiteracy was 20.9 more than one out of five of her adult population was unable to read and write. Today she is making a gallant fight to be rid of illiteracy. Forty moonlight schools are already reported from that county with 600 in attendance. Many more schools will be running in October. Superintendent John Hays and County Illiteracy Agent, Miss Sallie Ford, are determined that no stone shall be left unturned in the effort to free that county from the curse. "We are in to win," said Miss Ford yesterday and Superintendent Hays voices the same

In aeveral ways Bell is well matched with the "Empire of Pike." Pike was two places lower in the list In 1910. She had 718 more illiterates and her percentage of illiteracy was 23. But she has 236 teachers or more than twice a's may as Bell with 99 and will put up a good and gallant fight. Pike is thoroughly awake. Superintendent Fonzo Wright and Miss Nancy Boudinot, County Illiteracy Agent, are a hard pair of leaders to beat. The whole State will watch the contest with great interest.

Woodrow Wilson And The League Of Nations.

Almighty God, speaking through the voice of Woodrow Wilson, that the weak, helpless, down-trodden, distressed and oppressed peoples and na-tions of earth shall be set at liberty and made free and independent, and that every man shall sit unmolested under his own vine and figtree.

Woodrow Wilson is the Lincoln of the world—the world emancipator.
Abraham Lincoln said: "Let it be said of me, I plucked a thorn and planted a rose."

The League of Nations has this disposition. Its purpose does not crip-ple, impair or weaken our sovereignty, our constitution, our Declaration of Independence, but it imparts and extends these grand, sublime principles of the best government on earth as a blessing and benediction to every people and nation known to the great family of all mankind, as ordained of God to cover the earth as the waters

"HOARDED" BEEF.

"A million pounds of meat," big headlines announced one day last month in the Minneapolis dailies, had been found "hoarded" in the warehouse of a packing company at South St. Paul. Think of it-a million pounds! It is a lot of meat, and the daily put an enormous heading on it.

However, they might just as well have made their heading "Terrible Shortage." and compared that million pounds of meat to the 750,000 people in the Twin Cities, and the 2,500,000 ville, Ind., will have Hon. John J. in the state of Minnesota. The million pounds were less than a half pound as their guest and speaker at their Golden Jubilee meeting to be held at Orion Lodge Castle Hall, in the Hartpounds were less than a har pound of the inhabitants of the state; and much of the meat eaten by people in Minnesota, as well as in people in Minnesota, as well as in some surrounding states, comes from the coolers at South St. Paul.

A million pounds would be a big amount.

COMES TO AN END

Miss Margaret Carter Sinks Into Eternal Rest. Buried In Mt. Marino Cemetery.

After a lingering illness of many weeks, Miss Margaret Carter peacefully slipped into eternal sleep on Saturday evening at midnight at the old Carter homestead on the Cloverport pike.

Miss Carter's illness was due to complications brought on from the effects of influenza which she had last winter. She had been in declining health all through the summer and for the last week the end was momentarily expected.

The funeral was held Monday

morning at 8 o'clock in the St. Rose Catholic church. Rev J. S. Henry said the high requiem mass, and at the conclusion of this Rev Henry paid the most beautiful tribute to the life of Miss Carter. In his tribute he spoke of her supreme devotion to her church and of her prayer life.

Following the service at the church the remains were accompanied to Irvington on the morning train by members of the family and a few close friends, for burial in the Mt.

Marino cemetery.

The casket was borne by Miss Carter's five brother, Worland, E. Frank. Bernard, Tom and Floyd Carter, and a cousin, Floyd Roberts, of

Irvington. Miss Carter was born in the home in which she died. While she was a little girl her parents, the late Fladge Carter and Mrs. Kate Greenwood Carter, who survives, moved to Irv. ington and Miss Carter lived there until about twenty years ago when the family returned to Cloverport. Miss Carter's life was lived in a very simple and unpretentions manner, and aside from her devotion to her church, she was endowed with many loveable virtues that were known best to those with whom she was closest

associated. With the mother and five brothers, a sister, Sister Mary, Raymond, of Sacred Heart Academey, Louisville,

survives. Accompanying the family to Irv-ington from this city were Mr. and Mrs. Ben Ridgeway, Mr. and Mrs. Roy Mattingly and Mrs. Joe Beavin, Frank Greenwood, of Holt. Joe, Car-ter and Charley Greenwood.

It will be remembered that the American Peace Commission sent Mr. Bullitt last February to report on conditions in Soviet Russia. His report was never made public. It now appears that it was largely favorable to the Moscow Government. Questioned about it in Parliament at the time, Premier Lloyd George virtually denied all knowledge of the report and

of Mr. Bullitt himself. Mr. Bullitt's version is that he made a complete report to Premier Lloyd George over a Paris breakfast table one morning shortly before the aforesaid Parliamentary questioning. He also declares that Sec. Lansing remarked to him as late as May 17 that if the Senate and the American people could understand what the treaty and the league meant they would re-

ject them. So far Sec. Lansing has refused to comment. Premier Lloyd George has made a denial which satisfies neither the Liberal press of England nor the reactionaries. The reactionary London Post blames Mr. Bullitt for telling: "It is against the first laws of the game."
"What game?" The Westminster

Gazette explains. "Mr. Bullitt was unaware," it says, "of one of the best-established rules of the Old World in regard to a semiofficial emissary. That is, he goes at his own risk. If he succeeds, his official patrons will take the credit. If he fails, they cast him off." The Gazette then goes on to say: "All the same, "Lloyd George will have to take this incident serious." ly, for unsophistcated people do hot understand these things.

Someone once said that a green salesman might sell something once in a while, hut a blue one would never sell anything.

There's a lot in that; we have tried to attract a cheerful lot of salesmen to this store; men who know how to make you feel at home; men who consider every eustomer a guest; men who serve because they like to do things for people.

> You will like that spirit at this store

Hart Schaffner & Marx

When you say, "What's the price"

WHEN you come in here this fall and pick out a suit and say to the salesman, "How much?"

He'll say "\$40" perhaps, or maybe "\$50" or "\$60"—depends on the suit you choose.

You may say "Why, I can beat that price \$5 or \$10."

Probably you can; but that isn't the point, you can't get as much clothes value for your money anywhere else; that \$5 or \$10 is in the suit; it's the \$5 or \$10 that makes good quality possible; and that makes the suit outwear the cheaper one two to one.

To the Breckinridge County Boys:

Being imbued with a spirit of thrift and enterprise, and knowing the destiny of our commonwealth is soon to be delivered into your hands, I should like in some way to be instrumental in aiding or encouraging you noble boys to establish your foundation on a business basis. Realizing fully that I am not in a position at this time to assist all of you in this meager way, yet my heart throbs in love for every mother's boy. Some of you will be fortunate enough to enter this contest, others will not be permitted. To those who are not, I wish to impress with the fact that my interests are just as intense, and I will in some way be just as eager to help and encourage as the more fortunate who will be enrolled in this

My plan is this, I wish to invest \$100.00 to be credited to the accounts of twenty farmer boys in Breckinridge county. This will entitle each boy to \$5.00. This amount will be placed to your credit in the Bank of Hardinsburg and Trust Co., and will be a small beginning for you, I wish for you not to value this donation, for its intrinsic value but place upon it my motive, which is purely to help you begin, and encourage you in your business career. The age limit in this contest is for boys 12 years old, and under. You must be boys of farmers living on a farm. It will be for your discretion as to whether you invest this amount or not. The money will be placed to your credit on December, 1st, 1919. On January 1st, 1921, I will pay a premium of \$25.00 in gold to the boy who has made the best monthly average of increase to his account, and makes the best total of his credit on date named, Jan. 1st, 1921. This contest is for beginners. Boys who are now blessed with accounts in bank, are not elligible to compete for this prize. I will ask the bank to issue you monthly statements just as they do all patrons of the Institution, this is done, that I may take your measure. I want to see a study and uniform growth of your accounts, your efforts, are not to be confined to the revenue of my donation. Your funds may be increased in any way you may secure them, except by gifts from parents or interested friends, I want to encourage thrift, energy and business by self reliance and perserverance. The manner of selecting these twenty boys is as follows:

The county is composed of six Magisterial Districts, the first district is entitled to 4 contestants, the second, three; the third, three; the fourth, three; the fifth, three; the sixth four, making a total of twenty. The applicants are requested to send their names and address plainly written to the Bank of Hardinsburg and Trust Co. The time to begin is right now. The books will be closed on November 30th. There will be provided a Ballot Box representing each of the 6 districts. The names of the contestants will be placed in the box of their respective district. On December 1st, after a thorough shaking and mixing of the Ballots, the quotas are drawn from each box, and the accounts are open on the books of the bank in favor of the successful aspirants.

I trust each little man in our county will feel at liberty to enter into this contest. I love every one of you, no mark of courtesy from you, could mean more to me than your recognition of my efforts to encouage you, and aid you in securing for yourselves lives of usefulness upon a plain of highest possible attainment,

> Fondly and sincerely, VIC ROBERTSON.

WHAT WE NEED AND WANT.

This town needs water-works and a sewerage system to safeguard the health of our people and attract other people to come here and live. If we ever expect to grow and be an up-to-date town we must have a system of in sod, planting a cover crop, under-water-works. We are able to build thm and why put it off longer. We drainage, filling the gullies with brush have one of the best electric light plants in the state, plenty of natural gas etc. and a fine ice plant and with a good water system we would be an ideal town. Let's get busy now, right now!

FARM AND STOCK

In the nation-wide campaign to promote the general use of pure bred sires and better livestock the United States Department of Agriculture will keep records of the agriculture counaccording to the hreeds of livestock which predominate in them. Practical experience has demonstrated the desirability of communities concentrating on the production of only a few breeds and types of the different classes of livestock. This will enable the individual farmers to aid each other in improving and upgrading their stock, but also gain for the community a wide reputation as a \$270. These mules will be shipped to center for certain hreeds. It would the Southern markets in October.

One breed of purebred chickens for each county is the aim of the standardization work of the Extension Division of the College of Agriculture. Eighty five counties in this state are now developing this plan. It is esti-mated that three-quarters of a million of pure bred eggs will be sold in Kentucky during the spring of 1920.

Kentucky's crop prospects now indicate the production of 424,490,000 pounds of tobacco compared to prospects July 1, for 442,178,000 pounds and 427,500,000 pounds produced last year, according to the Government crop report issued by H. F. Bryant, field agent for the U. S. Bureau of Crop Estimates. Good growing weather now, however is likely to increase this estimate very much before the tobacco is all cut, as there was a large acreage of late tobacco that is growing fast now and the total acreage is considerably greater than last year. The United States crop of tobacco is now estimated at 1,279,-020,000 pounds compared to 1,340,000,-000 pounds produced last year.

Two Towns United.

A meeting of the citizens of Cloverport was convened last evening pursuant to notice at Haynes Hotel for the nomination of candidates for the office of Poliece Judge, Marshall and Trustees under the charter recently granted by the Legislation uniting the towns of Cloverport and lower Cloverport in one corporation.

The meeting was organized by calling Col D. R. Muray to the chair, and appointing I. T. Morehead, secretary. The Chair stated the object of the meeting, and on motion the meeting went into nomination of candidates, when the following persons were recommended as suitable ones for the office: J. C. Babbage, Police Judge; Wm. Vest, Marshall; W. B. Jones, A. L. Simons, Dud Hambleton and Allen Murphy, Trustees.

The election took place on Monday the 21st. We suppose there will be no other candidates for the different offices. At least there should be so as there will be more interest taken in it than there would be with only one set of candidates.

Relief Trutona Gave Worth That Much To Her, Mrs. Benner Declares.

Louisville, Ky., Sept. 30.—"For six dollars I've paid out for Trutona I feel that I've received \$1,000 worth of benefits", Mrs. C. Benner, 1123 Bardstown Road, said recently. Mrs. Benner, who is 52 years old, has long been a resident of Louisville, having been born here, and she is well known in this city and vicinity.

"I'll admit that I didn't have much faith in Trutona at first but it soon proved to he the medicine for my ailments," Mrs. Benner continued. "I used to suffer severe hilious attacks. No one knew the terrible feeling I'd experience during those spells. Some times they would attack me while I was down town and I'd have a hard time getting home. My appetite was so poor there was hardly any kind of food that would tempt me. My liver has been out of shape for the past two

"After I had taken three bottles of Trutona I realized it was helping me and now, with the fourth bottle finished, the billious attacks have ceased to occur. I haven't had a spell for the past week. My kidneys are in better shape, too. I can truthfully recomend Trutona to those who are suffering

Trutona is especially beneficial for stomach, liver and bowel troubles, catarrhal complaints, nerviousness. sleeplessness, loss of apetite and the like effects of pneumonia, influenza deep colds and the like.

Trutona, the perfect tonic, is now being introduced and explained in Cloverport at Wedding's Drug Store; in Hardinsburg at F. S. Kincheloe's Drug Store; and in Irvington at Parks Pharmacy.

WORLD WAITS FOR US

Future Fres From War If America Carries Out Her Pladges, Says Executive.

"By Mt. Clemens News Bureau." St. Louis (Special)-Displaying a high confidence that his fellow-citizens in the great impority agree with him in his desire to end war forever, and that they will see to it that the peace trenty with its Lengue of Nations inclusion is ratified by the Senate, President Wilson is making a successful way across the country on the long journey he has undertaken for the purpose of luying before the plain people a retheir guests Sunday the following:

W. to the beginning, Cart and family, Mr. and Mrs. Sam humlets where his train has halted at times and he has exchanged words with the villingers who pressed for-ward to greet him. He feels, and does not hesitate to say so when chatting with his traveling companions, that the American people want no more of war and want to become part of the Lengue so that there may he no more war. He struck his keynote when he said in his first nediress, in Columbus,

"This treaty was not intended merely to end this single war. It is meant as a notice to every government who in the future will attempt this thing (what Germany attempted) that mankind will unite to inflict the same punislument. There is no national triumph to be recorded in this treaty. There is no glory sought for any particular nntion. The thought of the statesmen collected around that tuble was of their people, of the sufferings they had gone through, of the losses they had incurred, of that great throbbing heart which was so depressed, so forlorn, so and in every memory it had of the five trugical years that have gone by. Let us never forget those years, my fellow-countrymen; let us never forget the purpose, high and disinterested, with which America lent its strength, not for its own glory but for the de-

Mrs. C. W. Satterfield, Miss Eliza
May and Miss Lena May represented
the Lucile Memorial Presbyterian fense of mankind. "As I sold, this trenty was not in-tended merely to end this war. It was intended to prevent any similar war. 1 wonder if some of the opponents of the Lengue of Nations have forgotten the promises we made our people before we went to that peace table. We had taken by process of law the flower of our youth from every countryside, from every household, and we told ethall game between Cloverport and those mothers nad fathers and sisters and wives and sweethearts that we were taking those men to tight a war which would end business of that sort, and if we do not end it, if we do not han, have returned to their home in do the best that human concert of ac-St. Louis, Mo., after attending the tion can do to end it, we are of nil funeral of Mrs. McClanahan's mother, men the most unfulthful—the most unfaithful to the loving hearts who suffered in this war, the most unfaithful at Holt, where she visited her son, to those households howed in grief and yet lifted with the feeling that the ind inid down his life for a grent thing, and, among other things, in order that

other lads might never have to do the sume thing,
"That is what the Lengue of Nations is for-to end this war justly and then not merely to serve notice on governments which could coatemplate the sume thing Germany contemplated that they will do so at their peril, but also concerning the combination of power which will prove to them that they will do it at their peril. It is ident to say that the world 'will' combine ngainst you; but is it persuave to say the world 'ls' combined against The Lengue of Nations is the only thing that can prevent the recurrence of this dreadful catastrophe and redeem our promises.

A League of Nations would have prevented the late conflict, the President asserted, explaining:

"I did not meet a single public man who did not admit these things; that Germany would not have gone into this war if she thought Great Britain was going into it, and that she most certainly would never have gone into t had she dreamed America was golug intó it. And they all admit that a nation before hand that the greatest powers of the world would combine to prevent this sort of thing would prevent lt absolutely."

Appliuse and cheers greeled each declaration of the President that wars might be avoided in future by the operntions of the League, He pointed out other important fea-

tures of the peace treaty—how it was the redemption of wenk nations, giving them freedom which otherwise they never could have won; how it snys "these people have a right to live their own lives under governments which they themselves choose," and how "that is the American principle and I was gind to fight for it" that was the very heart of the treaty, he.

He drew altention to the section of the trenty which is n "ungana charta of lahor," which shall dispose of the hours, conditions and remunerations of labor. "It forecasis the day," ne said, "which ought to have come long said, "which ought to have come long ago, when statesmen will realize that no nation is fortunate which is not happy, whose people are not contented, contented in their lives and fortunnte in the circumstances of their

In conclusion, the President said he felt certain the treaty will he accepted, and was only impatient of the de-lay. He added: "Do you renlize, my fellow-citizens, that the whole world is waiting on America? The only country in the world that is trusted today is the United States, and the world is waiting to see if its trust is

Mr. Wilson's Indianapolis speech was, like the one nt Columbus, an explanation of the League, an appeal for its ratification, and a prediction that it was sure to come into being.
